FutureDAQ Demonstrator user

Titel: DABC: user manual

Document	Date	Editor	Revision	Comment
DABC-user	2009-01-05	Hans G.Essel	1.0.0	First scetch

Contents

1.1 Section

Example citation [1]. Entry must be in dabc-bibitems.tex.

Example figure

Reference to Fig. 1.1.

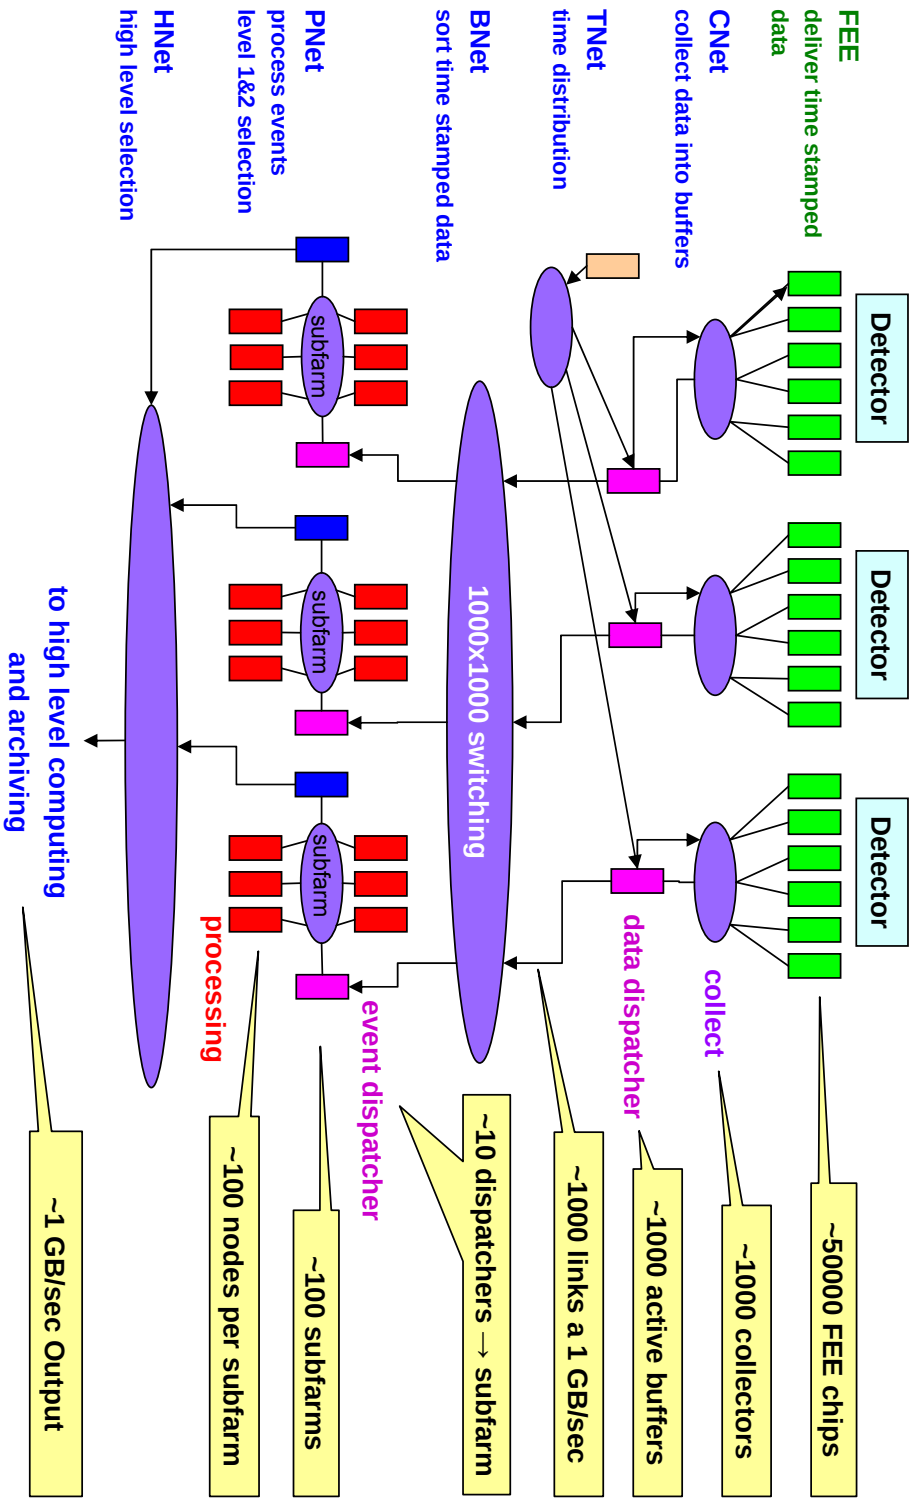

Figure 1.1: CBM overall data processing architecture

1.2 Next section

[Marker:user:name]
See also Software paper.
See also Introduction paper.

1.2.1 Subsection

Example of a compact list with bullets

- FEE: self-triggered, data push, conditional RoI based readout
- CNet: combined data, time, control, and RoI traffic

Another compact list with circles

- Hardware
- Firmware

1.2.1.1 Subsubsection

Example of compact description list

Hardware There are mainly three boards with different tasks but similar architecture.
Data formats The data and time stamp formats must be defined early because they are interpreted at many occasions. A change would have big impact.

Example of compact numerated list

1. compressed
2. coded geographical address

Example of table

Document	Date	Editor	Revision	Comment
DABC-user	2008-12-18	Hans G.Essel	1.0.0	First scetch

Table 1.1: Example of table.
